DOPAMINE2021

MAY 24-27, 2021

MONTRÉAL, CANADA

Dear Collaborators and Industry Partners,

It is our pleasure to invite you to support our next meeting, which will be held in Montréal from May 24-27, 2021. This will be the 6th Dopamine meeting, **the only international meeting dedicated to dopamine research**. Our meeting will provide you with great opportunities to showcase your products and interact with many basic science and clinical researchers and clients.

Of the growing number of researchers who attend our meeting – we expect **approximately 500+ attendees** – many will be interested in discovering the products you have to offer. Our attendees study the brain chemical messenger dopamine, as well as the multiple brain diseases that are associated with dysfunction of this system, namely Parkinson's disease, schizophrenia, drug addiction, attention deficit and hyperactivity disorder (ADHD) and obesity. These studies require many advanced tools and equipment that companies like yours provide.

Our conference will be held at the **Centre Mont-Royal**, a modern, state-of-the-art conference centre located in the heart of Montréal's business and entertainment district.

Advertise in our conference program, be an **exhibitor** and display your product, or **sponsor** a portion of the conference and receive extended exposure to the 500+ group of assembled dopamine researchers! Full details can be found in this package.

Your presence at our meeting is a much-appreciated demonstration of your support for dopamine research.

Sincerely,
Dr. Louis-Eric Trudeau, Université de Montréal
Dr. David Sulzer, Columbia University
Co-chairs

What are the Dopamine Meetings?

For the past 20 years, the Dopamine Meetings have provided a forum for scientists with diverse backgrounds to interact and share their latest work and ideas, **fostering cross-fertilization among and between diverse basic and clinical approaches** and accelerating the pace of discovery of new cures for diseases associated with dysfunction of the dopamine system.

The first Dopamine Meeting was hosted in Strasbourg, France in 1998. The support of the conference exceeded all expectations with over 400 delegates in attendance and spurred the decision to continue holding meetings. Since then conference attendance has fluctuated between 400 and 600 delegates. The Meeting rotates between North America and Europe.

The Dopamine Meetings include renowned plenary speakers from around the world, lively poster sessions including hundreds of presentations covering all fields of dopamine research including genetics, electrophysiology, imaging techniques, behavioral analyses, biomarker identification and pharmacology and novel therapeutics.

Who is
organizing
the conference?

The **Dopamine 2021 Meeting** is organized by a team of renowned scientists based mainly in Montreal and New York under the leadership of Dr. David Sulzer from Columbia University in New York, and Dr. Louis-Eric Trudeau from the Université de Montréal, in Montreal, Québec.

The overall **conference planning process** is organized by the team at Podium Conference Specialists.

Who attends the conference?

The conference draws an international mix of scientists, clinicians and other health professionals such as nurses and physiotherapists, patients, graduate students, postdoctoral research fellows, scientists from the industry (biotech and pharma) and members of charitable organizations, all actively engaged in dopamine research.

Past conferences drew **scientists, postdoctoral fellows and students** studying a broad range of research topics including genetics, electrophysiology, imaging techniques, behavioral analyses, biomarker identification, pharmacology and novel therapeutics. Examples of previous sessions include:

- Novel techniques to image dopamine release
- Functional diversity of dopamine signaling
- Dopamine receptor complexes
- Selective neuronal vulnerability in Parkinson's disease
- The dopamine system in gambling
- Regulation of dopamine autoreceptors
- Shaping of synapses and circuits by dopamine
- Dopamine and memory updating
- Missense mutations in the dopamine transporter gene
- Molecular diversity of dopamine neurons
- Dopamine and flexible decision making in humans
- Stress-induced dopamine neuroplasticity
- Genetic dissections of dopaminergic pathway in addiction

The background is a blurred photograph of a group of people in a meeting or conference. A man in a white shirt is in the foreground on the right, looking towards the left. Other people are visible in the background, some looking at a screen or document. The overall tone is professional and collaborative.

WHY SPONSOR?

WHY SPONSOR?

Connect with **leading and emerging** researchers

-Over 500 attendees from the various fields of brain disease attend this conference

Premium **branding & positioning** opportunity

- As a conference sponsor, your brand will be exposed to over 1500 members of the Dopamine community via email blasts to the database
- Choose a sponsorship level to fit your budget

Face time with leading scientists

- Exhibitor options allow you an opportunity to increase your company's recognition, introduce your new products to the community, and differentiate your company from your competitors

The background is a blurred photograph of a crowd of people at an event. The colors are warm, with a lot of orange, brown, and blue tones. The text is centered over the image.

Platinum (choose up to 2*):

- Opening Reception
- Evening Event
- Musical Social Event
- Choice of two of the four Poster/Lunch sessions

Gold (choose 4*):

- Choice of 2 of the 7 Plenary Lectures
- Refreshment AM Break Sponsor
- Refreshment PM Break Sponsor

Silver (choose 1):

- Choice of one of the 32 Parallel Sessions

*Chosen on a first come, first served basis

UNIQUE SPONSORSHIP OPPORTUNITIES

Get maximum visibility to conference attendees! The following opportunities are available on a first come-first served basis:

Wi-Fi Sponsor*

The conference will feature Wi-Fi access throughout the event, where guests can log in on their own devices. Enjoy high-profile brand exposure by having your logo on the splash page – the first thing attendees see once they connect to the conference network.

Lanyards*

All 500+ conference attendees will receive a name badge with a lanyard that functions as their ticket into all sessions and functions. This badge must be worn at all times throughout the conference. Have your logo printed on the lanyards (550+) – guaranteed visibility throughout the conference and beyond!

Notepads / Pencils / Pens

Exclusive opportunity Guarantee each attendee receives your company advertisement! Supply notepads and pens or pencils with your company's logo and we will distribute them to all conference attendees when they arrive on-site. Your branding will be seen throughout the conference.

Minimum number of items required for all Conference Items: 550

Conference Giveaway

The perfect way to expose your latest product, publication or a company profile or gadget of your choice. Provide one piece of promotional material to be distributed to conference delegates. This is also a highly effective way to guide attendees to your booth at the Expo!

**indicates an opportunity for exclusive sponsorship*

Please contact us for more information about these sponsorships
